Q 16. Write JavaScript Program for gross salary.

Ans:

```javascript
const basicSalary = 50000;
const allowances = 10000;
const bonus = 5000;

const grossSalary = basicSalary + allowances + bonus;

console.log("Basic Salary: $" + basicSalary);
console.log("Allowances: $" + allowances);
console.log("Bonus: $" + bonus);
console.log("Gross Salary: $" + grossSalary);
```

Output:
